## ICS AWARDED FBI MOBILE FORENSIC LAB CONTRACT

STEVENSVILLE, Md. (June 12, 2008)- Incident Communication Solutions, LLC (ICS) was awarded a contract to supply the Federal Bureau of Investigation's (FBI) Computer Analysis Response Team (CART) with several mobile forensics laboratories.

A Delivery Order was issued to ICS under GSA Schedule Contract for one base year. Subsequently, the period of performance may be extended up to two 12 month option periods or up to eight vehicles.

The mobile laboratories will give CART the capability to conduct digital forensic examinations in support of federal, state and local law enforcement investigations. Each unit will be housed in a Dodge 3500 Sprinter Van with customized infrastructure components and custom installation of specialized equipment, provided by ICS.

The mission of the CART program is to oversee training and certification of Digital Forensic Examiners, in addition to development, support and funding for FBI laboratories. These full service laboratories will provide digital forensic services in support of all FBI and participating agency investigations. The goal of the program is to provide state of the art equipment and furnishings to their examiners to maximize work flow.

**About ICS:** Incident Communication Solutions, LLC, is a technology solutions provider specializing in the design, development and implementation of IP-based emergency communications. ICS provides turnkey solutions in voice, video and data for first responders, disaster recovery and continuity of operations.
