

ICS RENEWS CISCO EXPRESS UNIFIED COMMUNICATIONS AND EXPRESS FOUNDATION CERTIFICATION

STEVENSVILLE, MD (April 22, 2009) – Incident Communication Solutions, LLC (ICS) today has been officially renewed as a Cisco Express Unified Communications partner and has also renewed their Express Foundation Specialization.

ICS has met the resource requirements for the Cisco EUC certification and is now qualified to sell, install, and support customers with their Express Unified Communications in the United States. Cisco Express Unified Communication Specialization represents the evolution of the Cisco IP Communications Specialization.

ICS has also met the requirements to fulfill the Cisco Express Foundation certification. The Express Foundation Specialization is the first technology specialization that integrates key solutions for Cisco routing, switching, wireless, unified communications and security products. The Express Foundation Specialization focuses on the customer network infrastructure and supporting new network capabilities.

About Cisco: Cisco is the worldwide leader in networking that transforms how people connect, communicate and collaborate. Cisco hardware, software, and service offerings are used to create the Internet solutions that make these networks possible - giving individuals, companies, and countries easy access to information anywhere, at any time.

About ICS: Incident Communication Solutions, LLC, is a technology solutions provider specializing in the design, development and implementation of IP-based emergency communications. ICS provides turnkey solutions in voice, video and data for first responders, disaster recovery and continuity of operations. www.incidentcommunications.com.
