

ICS TO CUSTOM BUILD FOUR COMMAND AND COMMUNICATION TRAILERS FOR PA-NWCERG

STEVENSVILLE, Md. - Incident Communication Solutions, LLC (ICS) has been contracted to custom build and integrate four trailers for the Pennsylvania Northwest Central Emergency Response Group (NWCERG), providing the Taskforce with Command and Communication assets and resources.

ICS will custom build two command trailers and two communication trailers. The command trailers will provide the NWCERG with a conference room area, workstations, shelter, radio interoperability solution, and self-sufficient power generation. The communication trailers will have a comprehensive communications package with satellite reach back and ICS Tactical-IPSM Satellite service. Both trailers will feature advanced IP-Based communications and ICS Tactical-VoiceSM VoIP service, providing the Taskforce with communication ability in any condition or environment.

“The NWCERG is excited about this project, given ICS reputation,” stated Elk County Director of Emergency Management Mike McAllister. “Each trailer will provide us with unique resources and will solve many of our communication problems within the State of Pennsylvania.”

The Northwest Central Emergency Response Group is responsible for “protecting human life, working to mitigate emergencies and respond to manmade and natural disasters throughout the Commonwealth of Pennsylvania”. The areas that comprise the NWCERG are Mckean, Elk, Cameron, Clearfield, Clarion, and Jefferson Counties.

The trailers were funded using the Department of Homeland Security’s Public Safety Interoperable Communications (PSIC) Grant Program. According to DHS documentation this investment will “improve
